“Where Business and Community Meet”

Avalon Business Centre (ABC) is Avalon Park Group's (APG) premier office/retail development for East Orlando. ABC, like APG's previous office developments, is designed with one principle focus; integration. Work-Life balance is highly sought after but rarely achieved. Over the course of time, Avalon Park has become one of the rare locations where community planning and design help to facilitate a truly integrated life.

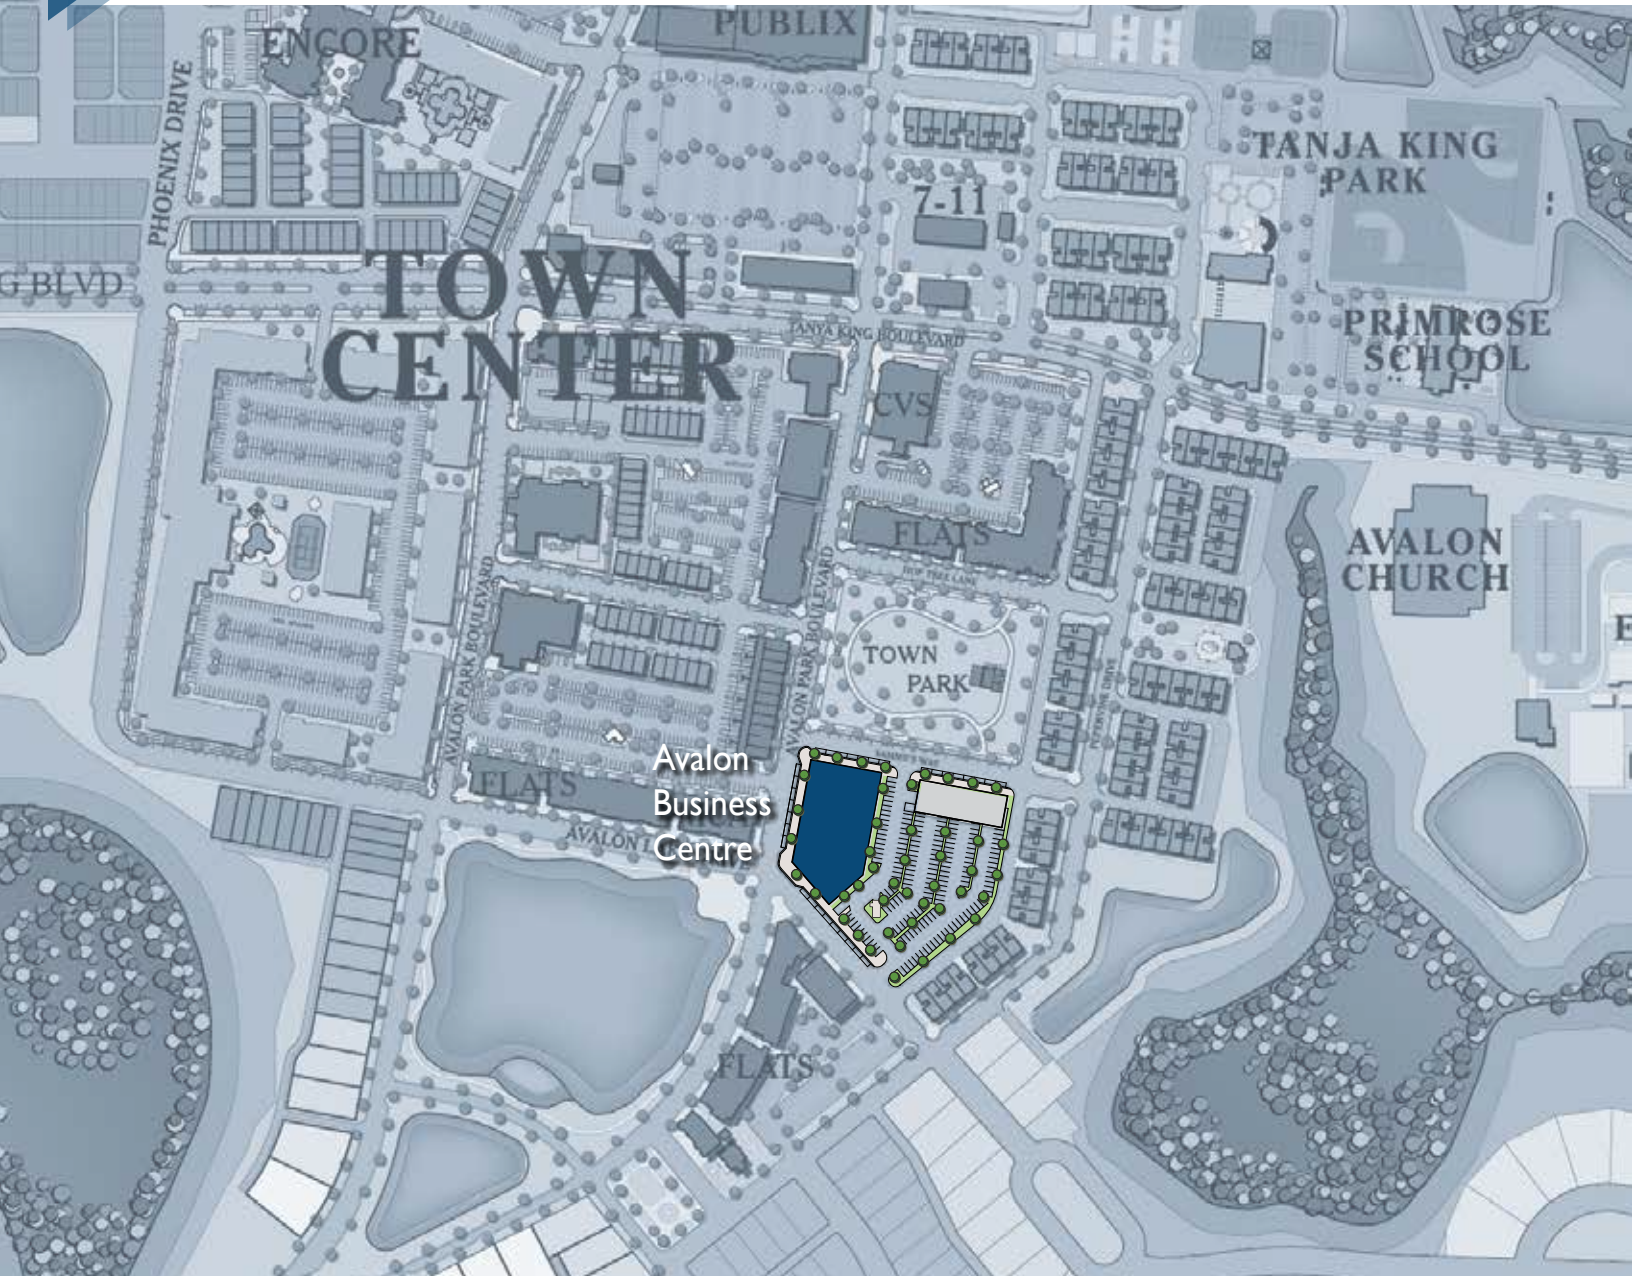

Shorter commute times for residents in the Avalon, Waterford, and UCF areas means getting home earlier to family and loved ones; while commuters can still readily access the area in times similar to other suburban Orlando office markets. New Urbanist designs create opportunities for business collisions right outside the office at one of the many great restaurants and community amenities within walking distance. Avalon Park's density also provides long term success for restaurants and retailers looking to establish new locations.

ABC has the ability to accommodate a wide variety of users seeking this quality of life and target audience for their employees. Spaces as small as 500 RSF up to 34,097 RSF are available for office tenants and spaces 2,000 - 8,627 RSF are available for restaurant and retailers on the first floor.
